JUSTIN GOJAR

Frontend Developer

Location: Bulan, Sorsogon, Philippines
Email Add: gojarjustinofficial@gmail.com
GitHub: github.com/justingojar
LinkedIn: linkedin.com/in/justin-gojar-4b88583b3

Career Objective

Motivated BS Information Technology student and frontend developer with hands-on experience building and deploying full-stack web applications using React, Node.js and MySQL. Seeking an opportunity in a technology-driven company where I can deliver clean, user-friendly solutions, contribute to a collaborative team, and continue growing as a professional developer.

Education

Bachelor of Science in Information Technology **2023 – Present**
Sorsogon State University – Bulan Campus
Zone 8, Bulan, Sorsogon
Relevant coursework: Software Engineering, Database Systems, Web and Mobile Development, Human–Computer Interaction

Experience

Freelance Frontend Developer / QA Tester **2025 – Present**
Remote

- Design, develop and deploy responsive websites and web applications for small businesses and organizations.
- Handle the full process from requirements and UI design to testing, quality assurance and deployment.

Capstone Project Team Leader **2024 – 2026**
Sorsogon State University – Bulan Campus

- Led a student team in building Bulan Senior Care, a full-stack system for the Office for Senior Citizens Affairs (OSCA) of Bulan.
- Owned the system architecture, frontend, backend and deployment, and coordinated tasks across the team.

Projects

Bulan Senior Care **bulan-senior-care.vercel.app**

- Senior-citizen management system with records management, benefits tracking and an administrative dashboard for local government staff.

Technologies: React, Node.js, MySQL, Vercel, Railway

Equalize Gender **equalize-gender.vercel.app**

- Gender awareness and inclusion platform based on official Philippine data and laws (RA 9262, RA 9710, RA 11313, RA 11596), featuring interactive statistics, a myth-or-fact quiz and take-action resources.

Technologies: React, TypeScript, TanStack Start, Tailwind CSS, Chart.js, Vercel

Skills

Frontend:	React, JavaScript, TypeScript, HTML, CSS, Tailwind CSS
Backend:	Node.js, Express, REST APIs, PHP, Laravel
Database:	MySQL, Supabase
Tools:	Git, GitHub, Vite, Vercel, Railway, Netlify, Figma, AI coding tools (Claude Code, Codex, ChatGPT)
Soft Skills:	Leadership, Teamwork and Collaboration, Problem Solving, Time Management, Adaptability, Fast Learner

I hereby certify that the information provided in this resume is true and correct to the best of my knowledge and belief.
